

Long Beach Port TOUR & Happy Hour

Join the LANTMA for a guided tour of the Long Beach Port. **Wendy Fung, Manager of Business Development** at the Long Beach Port, will share her expertise as she helps educate us on port operations and more.

Did you know that there is fully automatic terminal that runs without a port operator? Or, that there is still the original terminal that is considered a historical site for the City of Long Beach?

Join friends of LANTMA and see where all your machines are docking before they are being delivered to your manufacturing facility!

No host happy hour at Parkers Lighthouse (cash bar) right after!

MONDAY
**JANUARY
23
2023**
