

**THURSDAY**

**MARCH 23, 2023**

**11:30AM - 1:30PM PST**

# **ROUND TABLE & SHOP TOUR WITH RICAURTE PRECISION**

**RICAURTE PRECISION**  
1550 E McFadden Ave  
Santa Ana, CA 92705

We as shop owners face unique challenges and opportunities as we aim to drive growth and profitability for our businesses. Peer networking conversations offer valuable insights to help shop leaders navigate the current landscape with clear direction, confidence, and support.

This invitation-only roundtable will be limited to 15 shop owners to discuss and share experiences on real-world best practices, implementation of new technologies, team training and management, and other topics affecting our industry. Our objective is for invitees to walk away with new perspectives, resources, and valuable relationships to help them achieve their goals for 2023 and beyond.

**BY INVITE ONLY  
INCLUDES LUNCH**

Ricaurte Precision Inc., based in Orange County, Ca, has been providing aerospace, defense, and medical device industries with turnkey CNC machining services since 1986. Hernan Ricaurte is a 2nd generation shop owner, having joined the family business in 2016 after over two decades in the medical device and healthcare industry both in the US and Japan.

Hernan attributes Ricaurte Precision Inc.'s growth and success to the company's focus on continuous improvement, the implementation of new technologies, and the wealth of information gained from networking with other driven shop owners.

We hope you will join us at our upcoming event. Register today to secure your spot.
